

After School Clubs

This year, Woodlawn Middle School will offer a variety of virtual activities.

We encourage all students to enrich their middle school experience by participating in extracurricular activities.

The aim of our after school program is to provide school-related, age appropriate activities as an extension of the curricular program. We believe there are valuable lessons to be learned through fully supervised and well-organized competitive and non-competitive school activities. These activities extend classroom learning, help students build positive connections with peers, and form healthy relationships with adult role models who serve as sponsors and coaches.
